

~~WO-151~~ WO-151, WO-152

Date:

Building Name: 21 N. Main Street
Public/Private Access

Description:

These two buildings are located on the easterly side N. Main Street adjacent to the south wall of the Smith-Cropper Insurance Company building. Originally two separate buildings, they have been unified on the Main Street facade through an application of stucco and a continuous striped awning over the commercial floor. The north building is brick beneath the stucco, has 3 1/1 windows on the second floor and plate glass on the first floor. The south building is also a two story brick composition but is slightly higher than the north building. Two windows on its second floor have been sealed and plate glass windows are on the commercial level. Both buildings have segmental arches over the second story windows and a profile at the top of the front walls that suggest the presence of a decorative brick cornice beneath the stucco. The buildings are rectangular, flat roofed and stuccoed on their rear facades too... Both buildings are in a good state of repair.

SPECIFIC DATES

BUILDER/ARCHITECT

STATEMENT OF SIGNIFICANCE

These buildings contribute scale and continuity to the commercial district streetscape. Similar in scale and massing to surrounding buildings, they continue the visual cohesiveness of the streetscape.
